Clause 3.3

Involvement of any prohibited practice, described in the Procurement Guideline 1.5.2., in order to influence the procurement process shall make the Bid non-responsive and subsequent action shall be taken accordance to the Procurement Guideline 1.5.3. If detected after the award, the bidder could be subjected to legal prosecution.

Add a new sub-Clause 3.4

Following shall be considered grounds for disqualification of bidders for the award of the contract

- i. Misrepresentation, falsification and concealment of information requested in the procurement document
- ii. Submission of altered, fraudulent or fabricated documents in support of the bid

Clause 4, Qualification of the Bidder

Clause 4.2

The bidder shall be currently registered with the Institute for Construction Industry Development Authority (CIDA) in C 5 or above **in the Highway specialty.**

Clause 4.3 - Qualification Information

Bidder shall provide following Qualification information in Section 4

- CIDA registration particulars

Registration number

Specialty & Grade

Expiry Date

- VAT registration number.
- Legal status of the bidder (sole proprietor, Partnership, Company etc.)
- Authorization for signing in the Form of Bid (written Power of Attorney or Board Resolution)
- Authentication for signatory in the Form of Bid (an affidavit to verify the signature of the authorised person)
- Attach copies of Audited Annual Financial Statements or Financial Statements prepared by a Chartered Accountant for past five years. Financial Report should be certified by both the Auditor/Chartered Accountant & the bidder
- Evidence of adequacy of liquid assets and working capital for this contract
- Experience in work of similar nature and size executed during past ten years (letter of acceptance and the latest Interim Payment Certificate with relevant BOQ items)
- Outstanding contract Work in hand (on going work)
- Qualification and experience of key site management and technical personnel proposed for the Contract
- Major items of construction equipment proposed to carry out the Contract
- Income from construction work performed for each of the last five years.
- Construction Program with critical path and cash flow forecast.
- A description and value of work, which the bidder proposes to sub-contract, together with the name and address of the proposed sub-contractors.
- Performance of the bidder in past contracts of RDA during last five years in the given schedules

Clause 4.4 Qualification Criteria

To qualify for the award of the contract, bidders shall meet the following minimum qualification criteria

- Average Annual Construction Turnover

The bidder shall have achieved an Average Annual Construction Turnover of at least Rs 69 million over any five (5) years within the past ten (10) years.

Annual Average Construction Turnover (AACT) is calculated as follows,

$$AACT = \frac{\sum ACT_n}{5} \quad \text{where, } n = 1\text{st} \dots\dots\dots 5\text{th year (last five years)}$$

ACT_n - Annual Construction Turnover of nth year

- Experience in Similar work

The bidder must have experience in the construction of at least one (1) contract of similar nature and complexity within the last ten (10) years.

To comply with this requirement the cited contract

- Shall be at least 70% completed.
- Shall include the construction of not less than 2 kilometers of roadway having a minimum carriageway width of 3 meters, finished with an asphalt concrete wearing course.
- The value of the completed works (for the contract cited) must be not less than LKR 29 million.

The bidder shall submit documentary evidence (e.g., letter of acceptance, completion certificates and latest employer approved IPC) to demonstrate compliance with the above criteria.

Experience of subcontractors in respect of “Contract of similar size and nature” shall be accepted, only if the reference sub- contract was approved by the Employer. Also such bidder shall submit the sub –contracting agreement along with the Completion Certificate issued by the main contractor and an approval letter issued by the Employer confirming the sub-contracting arrangement. Any bids that, not complying with this requirement shall be rejected.

- Availability of Financial Resources

(i.) Liquid Assets and / or credit facilities required

Minimum Liquid Assets available shall be Rs. 10 million

Minimum Liquid Assets Available is calculated as follows:

$$X = (A - L) - 0.3W + C \quad \text{where;}$$

X = Minimum Liquid Assets available

A = Current Assets as given in the latest financial statements

L = Current Liabilities as given in the latest financial statements

W = Outstanding contractual commitments as supported by an affidavit as per Form given in Section 9

C = A project specific revolving line of credit given by a bank used by Form given in Section 9

Any bid which has to be supported by a project specific revolving line of credit, to meet the requirement of the Clause 4.4 shall provide it strictly according to Form given in Section 9.

No Conditional Line of Credit will be accepted and any letter of line of credit which has deviated from the specimen format, shall be rejected

The bidder shall submit an affidavit declaring all contractual commitments in the specimen form attached in Section 9. Bidders that do not provide information of all current contract commitments shall be disqualified for award of contract according to the clause 3.3 and 3.4 of ITB.

(ii) Performance in past contracts of RDA

Bidders shall be disqualified for award of the contract if the bidder has one or more following poor performances in past contracts of RDA

- Any Bidder who has abandoned any of the previous contracts awarded to him during last 5 years 28 days prior to the date of bid opening of this procurement.
- If any contract has been terminated due to the contractor's default within last five years 28 days prior to the date of bid opening of this procurement
- Any bidder who has been issued with Notice to Correct (NC) within last five years 28 days prior to the date of bid opening of this procurement as per Clause 15.1 of Condition of Contracts of CIDA/SBD /02 on the poor performance of the Contractor or similar notice as per the relevant Conditions of Contract (COC) and is still in force on the date of bid opening of this procurement , unless the Engineer certifies that Contractor has corrected the contents of the Notice to Correct. This certificate shall be submitted with the bid;

C. PREPARATION OF BID

Clause 9.1 Employer's address for the purpose of clarification is:

- a. Deputy Director General (Procurement Management), RDA, 4th Floor, "Maganeguma Mahamedura", Denzil Kobekaduwa Mawatha, Battaramulla.
T P: 011 2884790 Fax: 011 2884790
- b. Provincial Director (CP),
Road Development Authority,
Asgiriya, Kandy
T P: 081-2252119

Clause 11.1 The language of the Bid shall be English.

Clause 13.3

The bid price shall include Physical Contingency, Price contingency and Provisional sums.

VAT component shall not be included in the rates. The amount written in the Form of Bid shall be without VAT. However, VAT component shall be shown separately at the end of the BOQ.

Clause 13.4

The Contract is subjected to price adjustment in accordance with Clause 47 of the Conditions of Contract.

Clause 15.1

The bid shall be valid up to 19.03.2026

Clause 16.1

Bid shall include a Bid Security using the form included in Section 9.

Clause 16.2

Bid Security shall be:

- For an amount of Rs. 700,000.00
- Valid until 16.04.2026
- Issued by an agency acceptable to the Employer using the form for bid security included in Section 9 – Standard Forms.

- Unconditional, Irrevocable, On demand Bid Security issued by the any of the following banks/institutions are acceptable
 - (a). A local commercial bank approved by the Central Bank of Sri Lanka, which is operating in Sri Lanka.
 - (b) A foreign commercial bank operating in Sri Lanka, which is approved by the Central Bank of Sri Lanka.
 - (C) Construction Guarantee Fund

- The Beneficiary of Bid Security should be Director General, Road Development Authority, 1st Floor, “Maganeguma Mahamedura”, Denzil Kobekaduwa Mawatha, Battaramulla.

Clause 17.0

Pre-bid meeting will be held at the office of the Provincial Director (CP), RDA, at 10.00 a.m. on 03.12.2025. A Site visit will be arranged if necessary.

D: SUBMISSION OF BID**Clause 19.2 (a)**

The Employer's Address for the purpose of bid submission is -

Deputy Director General (Procurement Management),

Road Development Authority,

4th Floor, “Maganeguma Mahamedura”, 216, Denzil Kobekaduwa Mawatha, Battaramulla.

Clause 19.2 (b)

The name of the Contract is REHABILITATION OF BOKALAWELA ROAD FROM HAPUGODA JUNCTION TO RANAWANA under Contract No: RR/RDA/04/25/CP/KDY/52

Clause 20.1

The closing time for submission of bids shall be 13. p.m. on 18.12.2025

E: AWARD OF CONTRACT

Clause 31.3. Award

Add

Award of multiple contracts

The Employer will award the contract to the bidder whose Bid has been determined to be successful according to the following criteria

The following contract packages have been invited simultaneously with this package.

1. RR/RDA/06/25/CP/NE/46
2. RR/RDA/06/25/CP/NE/45
3. RR/RDA/04/25/CP/KDY/52

Each contract package will be evaluated separately.

In the event, a bidder submits bids for more than one contract package and the bidder becomes successful for more than one contract package (lowest substantially responsive), RDA shall assess its capacity to meet aggregated qualifying requirements for value of liquid assets.

Among those successful bidders, RDA will calculate the lowest combination of packages which is more beneficial and economical to the RDA and awarding will be recommended accordingly

Add New sub Clause 31.3 – Appeal Procedure

After evaluation of Bids in accordance with the procedures described under sub clauses 25 to 30, Instructions to Bidders, the Employer will inform to all the bidders in writing the selection of the successful bidder and the intention of contract award to such bidder.

There shall be an interval between the submission date of the Procuring Entity's notification of the intention to award the Contract and the actual award of the contract. (Standstill Period) The purpose of the Standstill period is to provide sufficient time for the bidders to consider whether they should submit an appeal against the decision to award the contract. The Standstill period shall be at least ten (07) Working Days.

Before the expiry of the third (3rd) Working Day of the Standstill period, any unsuccessful bidder may request a debriefing from the Procuring Entity. The PE shall conclude the debriefing before the expiry of the fifth (5th) Working Day of the Standstill period. Details are included in Section 09

If any bidder wishes to submit an appeal against the recommendation, such appeal shall be made before the expiry of the Standstill period to the following address with non refundable cash deposit.

Address:

The Chairman,
Department Procurement Appeal Committee (DPAC).
RDA.

Cash Deposit ; Rs. 10,000.00

Clause 34.1

The Unconditional, Irrevocable, On demand Performance Security, in the Standard Form, acceptable to the Employer shall be from the following agencies.

- (a). A local commercial bank approved by the Central Bank of Sri Lanka, which is operating in Sri Lanka.
- (b) A foreign commercial bank operating in Sri Lanka, which is approved by the Central Bank of Sri Lanka.
- (c) Construction Guarantee Fund

The amount of Performance Security is 5% (Five percent) of the Initial Contract Price. The Format of the Performance security shall be strictly in accordance with the specific format given in Standard Forms Section

Clause 36

The Adjudicator proposed by the Employer is a member to be appointed by the Institution of Engineers, Sri Lanka (IESL)

Fees and types of reimbursable expenses to be paid to the Adjudicator shall be on a case-to-case basis and shall be shared equally by the Contractor and the Employer.

FOR REFERENCE ONLY

CONTRACT DATA

1.1 The Employer is the Secretary, Ministry of Transport, Highways, Ports & Civil Aviation.
Address: 8th Floor, "Maganeguma Mahamedura", 216, Denzil Kobbekaduwa Mawatha, Battaramulla.

Name of Employer's Representative is Additional Secretary (Special Project), MOT, H, P & CA.

1.1 The Engineer for the Contract is Director General of RDA.

Engineer's Representative is Resident Engineer for RRD Programme (Central Province)

The Contractor shall submit proof of royalty payment along with each payment application for the exact amount of royalties, along with the corresponding actual quantities of borrowed materials such as earth, sand aggregate and boulders as applicable under the respective pay items of the BOQ, in accordance with the Law of country.

43.1 Replace the second sentence of Clause 43.1 “The Employer shall pay date of each certificate” with the following.

“The Employer shall pay the Contractor the amounts certified by the Engineer within 28 days of the date of each certificate. If the Employer makes late payment the Contractor shall be paid interest on the late payment in the next payment. Interest shall be calculated from the date by which the payment should have been made up to the date when the late payment made at the rate of interest of 1% over and above the applicable legal rate of interest as determined by the Monetary Board of the Central Bank of Sri Lanka.”

- 47.1 Price Adjustment
The contract is **SUBJECTED** to price adjustment.

Non-adjustable items shall be Bill no. 01 (Preliminaries & Generals), Day Works, and all Provisional Sums & Lump Sums items

- 48.1 The retention from each payment shall be 10% percent of the certified work done.

The limit of retention shall be 5 % of the Initial Contract Price.

- 49.1 The liquidated damages for the whole of the Works shall be 0.05 % of the contract sum per Day.

The maximum amount of Liquidated Damages for the whole of the works shall be 10% (ten percent) of the Initial Contract Price.

- 51.1 Replace the Sub-clause 51.1 with the following: -

'The Employer shall make advance payment to the Contractor in an amount equivalent to 20% of the Initial Contract Price less contingencies less Provisional Sums within 14 Days after furnishing of an unconditional guarantee in a form and by an agent acceptable to the Employer. The guarantee shall remain effective until the advance payment has been repaid, but the amount of the guarantee shall be progressively reduced by the amounts repaid by the Contractor. Interest will not be charged on the advance payment.

Advance Payment would be made in two equal instalments. The second Instalment would be paid only after establishing that the first instalment of the advance payment has been used exclusively for mobilization as per Cl. 51.2 and submission and approval of detailed construction programme with network analysis and resource scheduling.

Unconditional, Irrevocable, On demand Advance Payment Guarantee issued by the any of the following agents is acceptable.

- (a). A local commercial bank approved by the Central Bank of Sri Lanka, which is operating in Sri Lanka.
- (b) A foreign commercial bank operating in Sri Lanka, which is approved by the Central Bank of Sri Lanka.
- (c) Construction Guarantee Fund.

- 52.1 The Performance Security shall be 5% percent of the Initial Contract Price and shall be issued by a Bank acceptable to the Employer.

Unconditional, Irrevocable, On demand Performance Security Issued by the any of the following agents is acceptable,

- (a). A local commercial bank approved by the Central Bank of Sri Lanka, which is operating in Sri Lanka.
- (b) A foreign commercial bank operating in Sri Lanka, which is approved by the Central Bank of Sri Lanka.
- (c) Unconditional, on demand Performance Security issued by the Construction Guarantee Fund

- 58.1 As-Built Drawings shall be submitted to the Engineer within one month after the issuing of Certificate of Completion.

Add the annexure of additional requirements pertaining to the as built drawings to this sub clause

- 60.1 The percentage to apply to the value of the work not completed, representing the Employer's additional cost for completing the Works, is 25%
- 63 Clauses 63.2(b), 63.4, 63.5, 63.6 and 63.7 are not applicable.
- 63.3 Replace the text of Clause 63.3 with the following text: "The total sum paid to the Contractor shall include such amounts, for the work, supplies or services plus following percentage of actual cost shall be paid to the Contractor for Provisional Sum of the Bill of Quantities."
1. For the works executed by Utility Authorities - 5%
 2. For the works directly executed by the Contractor – 20%
 3. For supplying and services- 5%

FOR REFERENCE ONLY

AS BUILT DRAWINGS

Description

The work shall consist of preparation of As Built Drawings necessary for performance of the completion of the work covered by the Contract, the Contractor shall supply them by the dates stated in the Contract Data.

The Contractor shall retain, at his sole expense, a qualified engineer for appropriate on site construction inspections to ensure that all improvements as set forth required, pursuant to RDA standards and specification, and as-built shall be provided. The contractor shall certify, in writing, to the Engineer that the improvements were done in compliance with the approved plan or agreement pursuant to RDA Standards & Specifications and as-built shall be provided.

Field managed record drawings should be provided to the Engineer with indicating additions and deletions for approval before preparation of the final as-built Drawings.

The following requirements shall be applied to each as-built drawing developed for the project and a hard copy together with an electronic AutoCAD drawing file format on CD shall submit for the Engineer.

Construction Requirement

The following items shall be required for all "As-Built Drawings.

- (a) All as-built for projects are required to be on 24" x 36" or similar size of construction drawings and shall bear the name and address, of the person who preparing the drawings and the date the as-built data is added to the original via the revision block. Electronic Auto CAD drawing files, based on the GPS coordinate, are also required (if the construction drawings are prepared based on GPS coordinates). Surveyor's/Engineer's statement (with embossed or wet seal and with an original signature on each sheet) shall verify that as-built drawings reflect the true conditions in the field.
- (b) Contractor's statement (with an original signature on each sheet) shall verify that all construction specifications and product qualities have been met or exceeded.
- (c) "AS BUILT DRAWINGS" or "RECORD DRAWING" shall be clearly labelled on each sheet.
- (d) If the details of under-ground service lines (Water, Sewerage, ducts &etc) are available needs to be included to the as-built drawings on the approval of Engineer
- (e) The location and elevation of the benchmark referenced will be shown on the drawing. If the reference benchmark is within the project, then a complete description of its location will be provided to assist in future locating.
- (f) Survey data, relative to the GPS coordinate grid, on right-of-way monuments installed or encountered within the project
- (g) Note any changes to the alignment either vertically or horizontally of curb & gutter sidewalk, pavers or any other surface improvement.

Measurement & Payments

No payment shall pay for the preparation of As built drawings. If the Contractor does not supply the As Built Drawings by the dates stated in the contract data, or they do not receive the Engineer's approval, the Engineer shall withhold the release of Final payment of the Contract.

Section - 6

Specifications

Standard Specification
Particular Specification

FOR REFERENCE ONLY

Standard Specifications

The Standard Specifications comprise 'Standard Specifications for Construction and Maintenance of Roads and Bridges' issued under the authority of the Director General of the Road Development Authority and published by the Institute of Construction Training and Development.

The ICTAD Publication No. of this publication is SCA/5. Second Edition Published in June 2009

Bidders who are not in possession of this publication can purchase it from the ICTAD.

FOR REFERENCE ONLY

Particular Specifications

These Particular Specifications should be read in conjunction with the Standard Specifications for Construction and Maintenance of Roads and Bridges, ICTAD Publication No SCA/5, which are applicable in all cases not covered herein.

The Particular Specifications for some sections of the works are comprehensive and cover the full extent of the works in these sections. In other sections they apply in conjunction with the Standard Specifications. Finally in some sections not covered in the Particular Specifications, the Standard Specifications shall apply in full.

Where there is an ambiguity or discrepancy between the Particular Specifications and the Standard Specifications, the Particular Specifications shall prevail.

FOR REFERENCE ONLY

PRELIMINARIES & GENERAL

P001. Mobilization and Demobilization of site

The Contractor shall make provision for mobilization & demobilization of equipment, plant and machinery, staff, laborers to the site including erection and removal at the completion of works of his temporary installation and facilities including site office, etc. The Contractor shall submit to the Engineer within 14 days from the date of Letter of Acceptance his mobilization and demobilization plan of site. The Engineer shall approve the mobilization and demobilization plan and payment shall be based on schedule of mobilization and demobilization plan of site.

Payment

Payment shall be made according to the schedule submitted by the Contractor and within the lump sum amount agreed in the Bill of Quantities.

| Item No. | Description | Pay Unit |
|-----------------|--|-----------------|
| P001 | Allow for mobilization and demobilization of Site. | LS |

P (002) VIDEO SURVEY

R.O.W video logging shall be collected along roads before and after the rehabilitation/improvement.

The visible right of way (R.O.W.) shall be recorded and stored as digital Images at 5/10 m intervals using an intermittent/frame based system. The pictures shall have information superimposed which facilitates location identification (chainage and GPS coordinates) and shall have a playback system which facilitates locating specific road sections. The specifications of the cameras to be used in works shall be certified by the Engineer before commencement of Works.

The images shall be superimposed in real-time with the vehicle's location in terms of displacement and GPS coordinates. Each frame shall be referenced in terms of the displacement from Longitudinal Road Profile (LRP) and the GPS coordinates in the database.

The data shall be provided to the Employer in two copies with appropriate (ideally printed) labels, indicating relevant district and road number(a) Only one road section shall be included per one video file. The file name shall be the road ID number and the file shall be accompanied by a catalogue.

| Item No | Description | Pay Unit |
|----------------|---|-----------------|
| P (002) | Submission of initial & final Video logging | Km |

Section-7

Bill of Quantities

Bidders are strictly instructed not to retype, recreate, or alter the Bill of Quantities (BOQ) provided in this procurement document. The original BOQ format must be used without changes to its structure, layout, or content. Bidders must insert their unit rates and totals only in the designated spaces provided in the BOQ section of this procurement document

Any bid that includes a retyped or reformatted BOQ may be considered non-compliant and subject to rejection and may result in the bid being non-responsive.

FOR REFERENCE ONLY

BILL OF QUANTITIES

PREAMBLE

1. The Bill of Quantities shall be read in conjunction with all other bidding documents.
2. General directions and descriptions of work or materials given elsewhere in the bidding Documents are not necessarily repeated in the Bills of Quantities. For the full meaning of each Item, reference should be made to the applicable passages in the bidding Documents.
3. The prices and rates entered by the Contractor in the Bill of Quantities shall be deemed to cover the complete and finished works in the final position as required by the bidding Documents, including, inter alia, all costs and expenses which may be required in and for the construction and maintenance of the works, together with all risks, liabilities, contingencies, insurance, sampling, testing, providing all necessary assistance to the Engineer and in general all obligations imposed or implied by the contract.
4. Without affecting the generality of the foregoing provisions the prices and rates entered by the contractor in the Bills of Quantities shall also include, inter alia, all costs and expenses involved with or arising from the following:
 - i The provision, storage, transport, handling, use, distribution and maintenance of all materials, plant, equipment, machinery and tools, including all costs, charges, dues demurrage or other outlays involved in carriage and importation.
 - ii The provision and maintenance of all staff and labour and their payment, accommodation, transport, fares and other requirements.
 - iii Setting out, including the location, construction and preservation of survey markers, measurement and supervision.
 - iv The provision, storage, transport, use, handling, distribution and maintenance of all consumable stores fuel, water and electricity including the requirements of the Engineer's Representative and his staff.
 - v The location, test proving, opening, operation, reinstatement of all quarries and borrow pits, as well as compensation and mining royalties costs associated with quarries and borrow pits or any other land the contractor may require additional to that provided free for the execution of the permanent works.
 - vi Sampling, the transport of samples, testing, the carrying out of trial sections of earthworks or payment and the checking of all information given by the Engineer.
 - vii Injury caused to the Works under Construction, Plant, Materials and consumable stores by weather.
 - viii Repairs to the Works either prior to or during the Period of maintenance.
 - ix Maintenance work as detailed in the Specifications and the Conditions of Contract and the maintenance of public amenities.
 - x Co-ordination with other Contractors or Authorities carrying out work either in connection with or adjacent to the Works.
 - xi The supply of manufacturers test certificates.

- xii The protection of mains and services, and cost of repairs in case of damage caused by the Contractor.
- xiii Pumping and dewatering; the protection of excavation faces.
- xiv The provision and maintenance of temporary diversions in order that through traffic flow shall remain unobstructed through the contract period and in general the provision of all temporary works required in connection with the works.
- xv Insurance, custom duties, taxes(excluding VAT) levies, first aid, welfare and safety requirements and all other overheads and costs and profit.

5. A price or rate shall be entered against each Item in the Bills of Quantities whether quantities are stated or not. Item against which no price or rate is entered shall be deemed to be covered by the other prices or rates entered by the Contractor in the Bill of Quantities. The unit price or rate entered against any Item shall take Precedence over any miscalculation in the total sum against that Item. Where separate items have not been provided in the Bill of Quantities for work shall be deemed to have been included in the other prices and rates.

6. The Quantities given in the Bill of Quantities are estimated only and are given to provide a basis for the tender. No guarantee is given for their accuracy and payments to Contractor will be based on the prices and rates quoted in the bills applied to measured quantities for work done.

The quantity for each Item of work executed by the Contractor in accordance with the Contract shall be measured net and no allowance will be made for waste, bulking, shrinkage decrease of volume due to compaction or the provision of working space.

7. The items in the Bills of Quantities are the general application to the whole of the works at any location on site or any part of the works as indicated in the bid documents or instructed by the Engineer's representative.

8. Tenders, which group several items together in the Bill of Quantities under one price, will not be accepted.

9. The Units of measurement described in the Bill of Quantities are Metric Units. Abbreviations in the Bill of Quantities are as follows: -

| | | |
|-----------------------|---|-----------------|
| hrs | - | Hours |
| km | - | Kilometre |
| m | - | Linear Metre |
| m ² or sqm | - | Square Metre |
| m ³ or cum | - | Cubic Metre |
| nos. | - | Numbers |
| L.S | - | Lump Sum |
| P.S | - | Provisional Sum |
| nth. | - | Month |
| ltr. | - | Litre |
| kg. | - | Kilogramme |
| mt | - | Metric Tonne |
| mm. | - | Millimetre |
| wk. | - | Week |

DAY WORKS

1. The rates entered in the Schedule for Bill of Quantities shall form day works items for pricing extra work ordered to be done in accordance with the Contract.
2. The rates shall include all overheads and profit and all other costs of whatever nature necessary for and incidental to the performance of extra work whenever ordered and these rates required anywhere on the Site for the operation of plant the provision of labour or the provision of materials and shall be deemed to include inter alia:

Plant Operation, maintenance, repairs, fuel, oils grease, hydraulic fluids, taxes, duties operator's wages and overtime, travelling time, transport supervision, administration costs related to the use of such plant.

Labour Wages, overtime, bonuses, travelling time, hand tools, accommodation, fringe benefits, transport and supervision.

Materials Provision, transport, handling, wastage and storage

In the case of Plant and labour, only time spent working shall be paid for.

For Day works required outside the Site (which for these purposes shall mean all areas shown on the plans for permanent works and all areas of temporary works such as Contractor's and Engineer's camps, quarry, borrow pits and their access roads, diversion roads etc.), the following should be chargeable :

Plant: Self travelling: Actual travel time of and to place of stationing on the day of the work.

Transport: Travelling time of the places of transport (lorry, low loader etc.)

Labour: Travel time for the means of transport used.

Materials: Travelling time for the means of transport used.

The rates shall apply only to such work, as the Engineer shall instruct in writing to be carried out as day works. All items should be priced.
